TOUGHSTIX are a safe way to introduce game-like contact to daily practice routines. Durable and lightweight, an alternative to heavy and bulky pads coaches have used for years. TOUGHSTIX simulate a taller, tougher defender which prepares athletes for intense game situations.

To order your Custom TOUGHSTIX, please complete the following:

Name: _____ School/Company: _____

City: _____ State: _____ Zip: _____

Billing Address: _____

City: _____ State: _____ Zip: _____

To order your Custom TOUGHSTIX you will choose the background color and your letter color. (We will outline your text in white or black, to make your text stand out.) Choose two lines of text (max 15 characters per line). You can include a logo as well. Your logo will be placed near the handle end of your TOUGHSTIX and on the top end cap.

Please email your logo to orders@toughstix.com. We prefer to receive logo artwork in a vector based drawing graphic format (EPS, PDF, SVG or AI) as these file types can be resized with no loss of resolution. This produces the best results with our sublimation process. We can accept rasterized (JPEG, BMP & TIFF) files, however optimal print quality cannot be guaranteed with these file types.
